POLITICS OVER ON MAUI

Mild and Modest Addresses by Kepoikai and Kahaulelio.

One Appeals to Good Record As Judge, and the Other to Work in Making the Constitution.

LAHAINA, Sept. 23.—Tuesday evening Noah Kepoikai of Wailuku, who is a candidate for electoral honors, addressed a meeting of Lahaina voters, at the Government house of this district. The number in attendance was small, however, and hardly inspiring to oratorical efforts.

In the course of his remarks Mr. Kepoikai stated that no pledges of any kind would be made by him, but he felt it necessary only to point to his unblemished record as Circuit Judge and as a firm supporter of the present form of government, ever since he became convinced that it was necessary for the good of all Hawaiians. As he aptly said, "We must be annexed to the United States to be independent." After Mr. Kepoikai's closing remarks Geo. Hons addressed the meeting and lent the force of his eloquence on Mr. Kepoikai's behalf.

D. H. Kahaulelio, the candidate of Lahaina's nomination, was called upon, and though totally unprepared, delivered an able address, impressing all with his earnestness. Mr. Kahaulelio made no remarks of a personal nature, but simply pointing to his record as one of the framers of the constitution of this republic, and as its staunch supporter from the very beginning.

Mr. Kahaulelio's chances of election are good, although Mr. Kepoikai's friends do back him heavily in cash and gab. Having successfully bored Capt. Ahlborn's wells at Kaanapali McCandless returns his boring apparatus to Honolulu.

And now comes an ox cart across the mountain road recently completed, from Waihee to Lahaina, thus evincing the fact that there is now no trick in reaching either side on wheels.

From Hana Mr. Omsted paid a flying visit to his brother, the sheriff at Lahaina. H. T. Hayselden of Honolulu also passed through on his way to Kahului.

Mr. Rosecrans is busily engaged in erecting his ice producing machinery and promises us ice in the near future. How cold the breezes will blow and freeze! Oh my! Ice cream galore. Oh, it is true there is a boom, an awakening to the realization of greater possibilities in Hawaii's ancient capital. An ice factory—complain no more, ye chronic growls. Billiard parlors, shaving parlors, artistic work of its kind all styles, a Prince of Wales to a Spanish gaiter. Advance dudes, to the front. Ten cents a cut, nineteenth century progress and a 10,000 ton sugar plantation by and by, that's what we're coming to. Ask McCandless about the water supply—its rich and—well, the Klondike isn't in it and there is a slight difference of opinion as to whether we are near enough to that region now.

Weather fair, rather sultry. Wind due south and steady.

Apenta Never Fails!

The hundreds of sufferers from constipation in this country compel one to believe that nature needs assistance to overcome the torpidity of the liver, which in most cases is the sole cause of constipation.

EVERY

When a person is suffering from headache or a feeling of fatigue, the chances are ten to one that the liver is inactive. A few doses of APENTA WATER will invariably bring about a most satisfactory result.

DOSE

APENTA WATER is a true spring water obtained from a spring at Buda Pest, and has not been artificially treated. The taste is not unpleasant, the dose small and the effect positive.

EFFECTIVE.

The price of APENTA WATER is very reasonable. The large bottles at 25 cents are the exact size of most mineral waters that sell at 50 cents. Trial bottles are sold at 15 cents. You should give it a trial.
